

BECKY WAREING STEELE
COMMISSION PRICING AND POLICIES

Thank you for considering a commission. Here's some helpful information to get your wheels turning.

PRICING

I strive to make my work affordable for all. The cost of a commission is determined by the level of detail, complexity, and size of the work. For a commission quote please email bwareingsteele@gmail.com with a brief description of what you're looking for along with any photos of people or places you'd like reflected in the final work, and please note if there is a delivery deadline (see below for more info on turn around times).

The base rate for all commissions is \$100. If you are working within a budget please let me know in advance, I am happy to accommodate.

POLICIES

A 50% deposit is due prior to the start of your commission. Once the 50% deposit is received materials will be ordered and work will begin. I love to send progress photos along the way and you are welcome to provide any feedback at that time. Once your commission is complete you will receive a final photo of the completed artwork along with your final invoice. Once payment is received for the final 50% plus shipping and handling costs* the artwork will ship.

**Shipping and handling fees can be waived if the purchaser is able to pick up their commission locally at the artist's studio in Denver, Colorado.*

TURN AROUND TIME

My typical turn around time is 3-4 weeks.* This timeframe can change based on materials ordering time, the artist's schedule (remember it's just me), and other variables. Once you reach out for a quote I will provide you with an accurate timeframe for delivery.

**Rush orders are available but will incur an additional fee.*

Email bwareingsteele@gmail.com with all commission inquiries.
